Re: “Funding Year 2013 Form 471 Postmarked Outside of Window Letter”

We are appealing due to the claim our application was postmarked AFTER the deadline for an application to be considered as filed within the window. During our time of filing, our county was in transition to a switchboard telephone service. In the midst of this I tried very hard to get our specific library bills from the master phone list through our Auditor’s office. Needless to say with a county our size and the amount of lines it was near impossible which made us file late outside of the window. We did eventually get the discount amounts, but it was our fault in taking too long to compile resulting in us filing just outside the window. We do apologize and hope that our appeal will be accepted.

We want to appeal this with the hopes the process can continue.

Cordially,
